## Stop Using Illinois to Export Canadian Tar Sands Oil

In Illinois Commerce Commission (ICC) filings, the Enbridge pipeline company argued that their pipeline in DeKalb County was needed to supply Illinois with oil (Docket No. 06-0470). I call on the DeKalb County Board to appeal to the ICC to restrict the flow in Enbridge Line 61 for use primarily in Illinois and not for foreign export as crude oil or refined petroleum.

## No Fracking in DeKalb County

I call on the DeKalb County Board to ban fracking (hydraulic fracturing) in DeKalb County.
